

Your care. Our commitment.

Providing the very best in
personalized support services

Call 1-844-622-4278 or visit interconnectsupport.com
to learn more. We're here to help.

Please see [Medication Guide](#) and full
[Prescribing Information](#), including Boxed Warning,
for OCALIVA 5 mg and 10 mg tablets. Rx only.

With personalized support, we can help you get started on OCALIVA® (obeticholic acid)

Once you and your doctor decide that OCALIVA is right for you, your dedicated Care Coordinator will be with you every step of the way.

Enroll in Interconnect®

Your doctor will fill out an enrollment packet that includes the OCALIVA prescription. In order to complete the packet, they will need your signature.

There are 2 options for your signature:

1. You can sign the enrollment forms in person at your doctor's office.
2. You can go to interconnectsupport.com/eConsent to sign the enrollment forms electronically.

What to expect

Once you are enrolled, your Care Coordinator will call you to discuss the details of your prescription and answer any initial questions you may have. They will check in with you on a regular basis (monthly for the first 3 months; less frequently thereafter).

You will also receive tips, tools, and reminders by mail and email. You can also choose to receive monthly refill reminder texts if you find that helpful.

Call 1-844-622-4278 today to learn more about how Interconnect can help you.

3 ways your Care Coordinator can help

Your dedicated Care Coordinator will help you with:

Coverage assistance

We'll help you understand your current benefits and explore other coverage assistance options, including a program that can help you get OCALIVA **for as little as a \$0 co-pay.^a**

Treatment support and education

Your dedicated Care Coordinator will provide ongoing personalized support to make sure that you have the resources and educational tools you need.

Getting started

Once you and your healthcare provider decide that OCALIVA is right for you, a dedicated Care Coordinator will be there every step of the way.

We also have nurses on staff to answer questions you may have about OCALIVA.

^aExcept where prohibited by state law. Some people will not qualify for certain service offerings. Intercept reserves the right to rescind, revoke, or amend this offer without notice.

For full terms and conditions of the co-pay program, visit www.ocaliva.com/copay-terms

Please see [Medication Guide](#) and full [Prescribing Information](#), including **Boxed Warning**, for OCALIVA 5 mg and 10 mg tablets. Rx only.

Interconnect offers financial assistance and support^a

Your Care Coordinator will work with you to help you find the best possible coverage for OCALIVA® (obeticholic acid). From navigating insurance benefits to exploring opportunities for additional funding and assistance, we are here to help every step of the way.

If you are currently commercially insured:

We will help you understand your benefits and work with your insurance company to get the most out of your coverage. If you are eligible, we'll enroll you in a program that can help you get OCALIVA for **as little as a \$0 co-pay.^a**

If you have Medicare or Medicaid:

Interconnect can help provide **information on coverage support options.**

If you have no insurance or limited insurance:

If qualified, **you may be able to have access to OCALIVA at little to no cost.^a** Your Care Coordinator can help you find out if you're eligible.

^aExcept where prohibited by state law. Some people will not qualify for certain service offerings. Interconnect reserves the right to rescind, revoke, or amend this offer without notice.

For full terms and conditions of the co-pay program, visit www.ocaliva.com/copay-terms

Call 1-844-622-4278 today to learn more about how Interconnect can help you.

Working with a specialty pharmacy

A specialty pharmacy is different from your neighborhood pharmacy. A specialty pharmacy coordinates the delivery of specialized medicines such as OCALIVA. Your medicine can be shipped to your home. Sometimes it can be shipped to your neighborhood pharmacy or place of employment, if requested.

The importance of early refills

Getting your refills on time matters. It can help you stay on track with your treatment, which is important for managing your condition.

Helpful tips to keep in mind about refills:

- Order refills about a week before you run out of OCALIVA.
- Let your specialty pharmacy know if you will be away from home. They can ship your refill to where you will be.
- Answer and return calls from your specialty pharmacy. Your specialty pharmacy will call you about 5 days before your next refill.
- Before your next refill, schedule a time for a delivery.

Your Care Coordinator can help schedule deliveries, answer questions, and resolve any issues with your refills.

Top tips from Care Coordinators

Tell your Care Coordinator about any potential problems or changes to your prescription (such as an increase or decrease in your dosage).

Trust that your Care Coordinator has your best interest in mind. We have empathy for our patients and we love what we do.

During busy times, it may take up to 24 hours to hear back from your Care Coordinator. You can always call us back if you have any concerns or if you don't hear back within 24 hours.

Call 1-844-622-4278 today to learn more about how Interconnect can help you.

Don't hesitate to share your email address and the best phone number to reach you with your Care Coordinator. We won't share this information with anyone, but it will help improve our communication with you.

In person: Be sure you signed HIPAA, patient consent, and program services opt-in forms at your doctor's office. Completion of these forms enrolls you in Interconnect Support Services.

OR

Online: You can also complete the required forms online at interconnectsupport.com/eConsent.

The Care Coordinator cannot discuss your case with you until these forms are complete.

Please see [Medication Guide](#) and full [Prescribing Information](#), including Boxed Warning, for OCALIVA 5 mg and 10 mg tablets. Rx only.

We can help you start and stay on OCALIVA[®] (obeticholic acid)

Once you and your doctor decide that OCALIVA is right for you, your dedicated Care Coordinator will be with you every step of the way.
